The "Waterford"

3450 Square Feet (approximately)

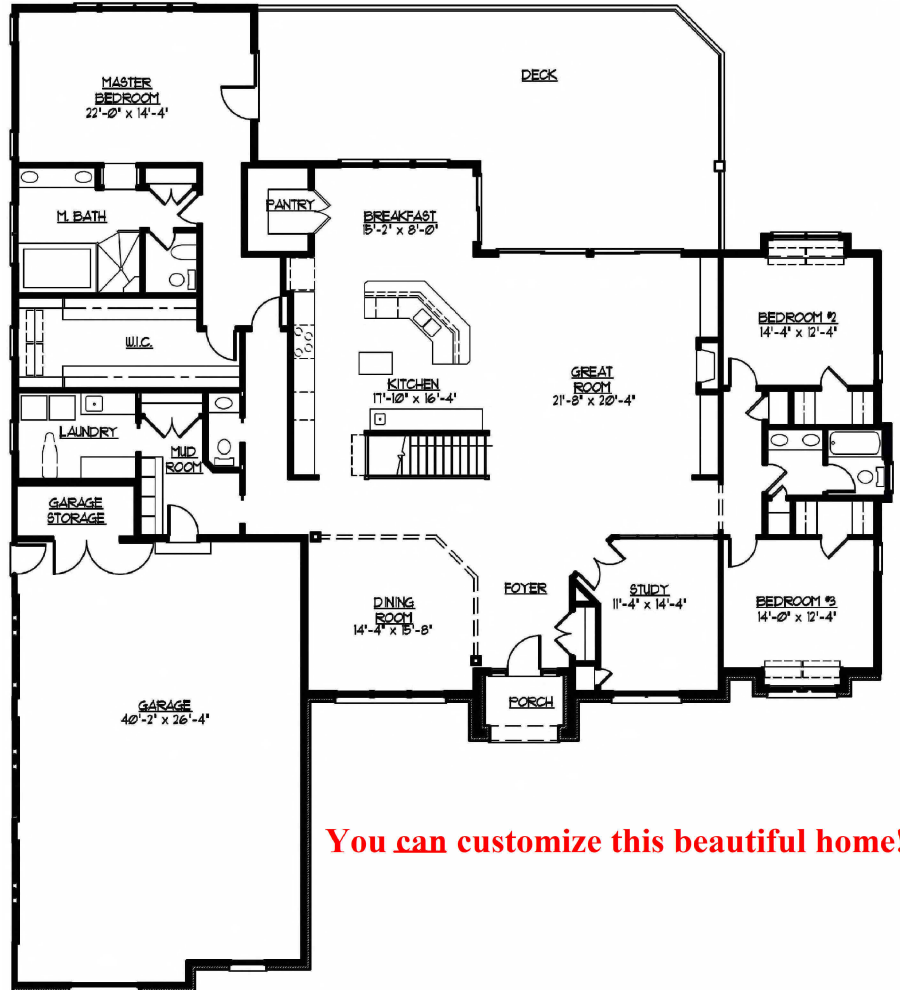

(Shown with optional brick facade)

This home was one of our entries in the 2013 "Parade of Homes". The features in this home were endless. We were told by many visitors that this may have been one of the nicest homes since the "Parades of Homes" started.

We also finished 2300 sq.ft. in the walkout basement adding a bar/kitchen, family room, full bathroom, 2 additional bedrooms and a lounge area. There was also a 15 seat sunken theater with sloping floors, 11' ceiling, a raised stage with curtains, and a large backstage area. This was truly an elegant home.

You can have the same home on your lot our and have it customized to your needs and preferences. Thats what we do best! Excellence in Building Your Dreams!

You can customize this beautiful home!
